

5: Hypertime

Additional Materials, Links and References

Additional Materials

[An Expression of the Paradigm](#) by Zach Gold.

[A Quotation from Bennett](#) that parallels Zach.

[Speculations](#) Some extreme speculations within the paradigm.

Links

[Dynamical Symmetries: Autopoietic Architecture](#) by Nigel Reading. This reasoned, creative flow of ideas captures the harmony of Hypertime and the fusion of inductive and deductive reasoning that M0 free humans can accomplish.

[Re-Evolution](#) by Terence McKenna. A remarkable expression of the key ideas in "5: Hypertime" and a description of shamanism in those terms.

References

Bennett, John G.

Gurdjieff: Making A New World

Turnstone Press
ISBN 0-85500-067-8

A student of Gurdjieff's for 30 years, this work is interesting because with Reciprocity in mind, it is easy to see where Bennett is making it up to fill in the blanks.

Gurdjieff, G.

All and Everything or Beelzebub's Tales to his Grandson

Routledge & Kegan Paul
ISBN 0-7100-1479-1

Very hard to read due to a construction that forces the reader to stay awake. Once you have them in mind, clearly contains the ideas contained in Reciprocality.

McDermott, Robert A. (ed)

The Essential Steiner

Floris Books
ISBN 0-86315-225-2

Reciprocality again. He wrote for a gas-bag audience, and it shows.

Ouspensky, P. D.

In Search of the Miraculous

Routledge & Kegan Paul
ISBN 0-7100-4635-X

I *think* the system of hydrogens is about multi-fractals. If anyone cracks the mystery, do let me know! Much on M0 and freeing one's self from it.

Ouspensky, P. D.

The Strange life of Ivan Ossokin

Ouspensky's erotic science fiction novel. Honestly! Contains a "block universe" model of time.

Shah, Idries

The Sufis

W. H. Allen

Reciprocality as ancient teaching. There's little doubt these people all *thought* Reciprocality describes the universe, the place of consciousness, and the current state of humanity.

Teilhard de Chardin, Pierre

The Phenomenon of Man

Collins

Evolving structure will co-adunate and reach an Omega Point.

White, Michael

Isaac Newton - The Last Sorcerer

Fourth Estate
ISBN 1-85702-416-8

White doesn't seem to understand that alchemy is a transformation of the operator - mapping - but his journalism is excellent so you can draw your own conclusions from his data.
